Wines & Spirits: good momentum in China and significant growth in Europe and the United States, despite supply constraints

The **Wines & Spirits** business group achieved organic revenue growth of 5%. Profit from recurring operations increased by 5%. The business group reaffirmed its leadership position by pursuing its value strategy and balanced geographic development. In the champagne business, prestige vintages performed remarkably well, while a firm price increase policy continued. A key highlight of the year was the exceptional harvest both in terms of quantity and quality. Hennessy cognac recorded good growth in the US market against a backdrop of tight supply; the Chinese market experienced strong momentum. Glenmorangie and Ardbeg whiskies grew rapidly. Our prestige wines obtained the best ratings.

Fashion & Leather Goods: exceptional performance of Louis Vuitton across all its businesses and strengthening of other brands

The **Fashion & Leather Goods** business group achieved organic revenue growth of 15% in 2018. Profit from recurring operations was up 18% *. Louis Vuitton delivered an exceptional performance, to which all businesses and regions contributed. Its creative strength lies notably in its iconic leather goods lines which are continuously rejuvenated, and in its ready-to-wear and shoe lines, designed by the respective Louis Vuitton Creative and Artistic Directors, Nicolas Ghesquière for the women's collections and Virgil Abloh, who joined in 2018, for the men's collections. The qualitative development of its stores continued in a very selective way. It is noteworthy that Louis Vuitton is the only brand in the world to never hold sales nor sell through outlets. Christian Dior had an excellent first full year within LVMH thanks to the creativity of Maria Grazia Chiuri for the Women's collections and to the arrival of Kim Jones, the new Artistic Director of Dior Homme. Fendi and Loro Piana continued to assert their know-how throughout their collections. Celine entered a new and ambitious stage of its development with the arrival of Hedi Slimane as Artistic, Creative and Image Director of the brand. His first runway show in October was a global success. Givenchy, Loewe and Kenzo progressed well. The other brands, Berluti with the arrival of Kris Van Assche, and Rimowa continued their dynamic momentum.

Perfumes & Cosmetics: successful innovation and rapid progress in Asia

The **Perfumes & Cosmetics** business group achieved organic revenue growth of 14%, driven by the performance of its flagship brands. Profit from recurring operations was up 13%. Parfums Christian Dior experienced remarkable growth and increased its market share in all regions of the world. The launch of its new perfume *Joy* and the exceptional worldwide success of *Sauvage* and the other iconic perfumes *J'adore* and *Miss Dior* are behind the strong growth of the Maison. Makeup and skincare also grew rapidly. Guerlain progressed well, driven in particular by the success of *Abeille Royale* in skincare and *Rouge G* in makeup. Benefit strengthened its leading position in the eyebrow segment and Parfums Givenchy accelerated its performance, thanks in particular to makeup and its new perfume *L'interdit*. Fresh and Fenty Beauty by Rihanna continued their exceptional growth.

Watches & Jewelry: excellent year for BVLGARI and good progress of watch brands

The **Watches & Jewelry** business group recorded organic revenue growth of 12%. Profit from recurring operations was up 37%. BVLGARI performed very well and gained market share. Its iconic jewelry and watchmaking lines *Serpenti*, *Diva's Dream*, *B.Zero1*, *Lvcea* and *Octo* grew strongly. Among the new product launches of the year, the *Octo Finissimo* watch and the *Fiorever* jewelry collection, designed around a central diamond, were exceptionally well received. Chaumet's growth was driven by the success of the *Liens* and *Joséphine* collections, particularly in Asia. The exhibition on its history at the Mitsubishi Ichigokan Museum in Tokyo was an immense success. In the watchmaking sector, TAG Heuer continued to develop its iconic lines and introduced a new variant of the smart watch. Hublot, which continued its progress, enjoyed strong growth in 2018 and considerable visibility as the FIFA World Cup Official Timekeeper.

* Growth rate reported for this business group differs from that reported by LVMH because Christian Dior Couture was not yet included in LVMH's scope of consolidation in the first half of 2017.

Selective Retailing: sustained growth at Sephora and rebound of DFS's profitability

The **Selective Retailing** business group achieved organic revenue growth of 6%, up 12% excluding the Hong Kong airport concession closures. Profit from recurring operations was up 29%. Sephora had another year of growth and market share gains. Online sales grew rapidly, especially in North America and Asia. The extension and renovation of its distribution network continued in 2018 with around one hundred new stores opening around the world, including the new Nanjing Road store in Shanghai and the first Sephora-branded stores in Russia. Le Bon Marché accelerated the development of its loyalty program and launched a new children's department in the last quarter. The online platform, 24 Sèvres, launched a year ago, developed actively. DFS progressed strongly thanks to a particularly good performance in Hong Kong and Macao. The recently opened Gallerias in Cambodia and Italy also grew rapidly. The closure of the loss-making Hong Kong Airport concessions at the end of 2017 contributed to the rebound in profitability.

Cautiously confident for 2019

In an uncertain geopolitical and monetary context, the **Christian Dior group** is well-equipped to continue its growth momentum across all business groups in 2019. The Group will pursue its strategy focused on developing its brands by continuing to build on strong innovation and investments as well as a constant quest for quality in their products and their distribution.

Driven by the agility of its teams, their entrepreneurial spirit, the balance between its different businesses and geographic diversity, Christian Dior group enters 2019 with cautious confidence and once again, sets an objective of reinforcing its global leadership position in luxury goods.

Dividend up by 20%

At the Annual General Meeting on April 18, 2019, Christian Dior will propose a dividend of €6 per share, an increase of 20%. An interim dividend of €2 per share was paid on December 6 of last year. The balance of €4 per share will be paid on April 29, 2019.
