It is the responsibility of the Board of Directors to prepare a report in accordance with Articles R.225-113 *et seq.* of the French Commercial Code. Our role is to express an opinion on the fair presentation of the quantitative data extracted from the financial statements, on the proposed waiver of preferential subscription rights, and on certain additional information pertaining to the transactions, provided in this report.

We performed those procedures that we deemed necessary in compliance with the professional guidelines of the French National Institute of Statutory Auditors (*Compagnie Nationale des Commissaires aux Comptes*) applicable to this engagement. These procedures consisted in verifying the content of the Board of Directors' report in respect of these transactions and the procedures for determining the issue price of equity securities to be issued.

Subject to our subsequent review of the terms and conditions of the proposed issues, we have no comments to make on the procedures for determining the issue price of the equity securities to be issued presented in the Board of Directors' report pursuant to the twentieth and twenty-first resolutions.

Furthermore, as the report does not include information on the methods for determining the issue price of equity securities to be issued as part of the implementation of the nineteenth and twenty-second resolutions, we cannot express an opinion on the selection of elements used to calculate this issue price.

As the final terms and conditions under which the issues will be carried out have not yet been set, we do not express an opinion on them or, consequently, on the proposed waiver of the preferential subscription rights on which you are asked to vote in the twentieth and twenty-first resolutions.

In accordance with Article R.225-116 of the French Commercial Code, we will issue an additional report, if necessary, on the use of these delegations of authority by your Board of Directors in the event of issues of equity securities giving access to other equity securities or conferring rights to the allocation of debt securities, issues of securities giving access to equity securities to be issued and issues of shares, without preferential subscription rights.
